

Keep wisconsin's "no call list" as is. That's why all those hundreds of thousands of wisconsin people signed up in the first place. Not to be "overthrown" by some bank association. My privacy, in my home, is none of their business - let their association get all wisconsin's solicitation calls - we don't want them.

Govenor Doyle please vote "NO NO NO".

Again "PLEASE" keep wisconsin's no call list.
